SCHOOL INITIATIVES

Bookmarks has many ongoing outreach initiatives focused on supporting our local schools, including:

- **Bookmarks in Schools:** Many schools do not have funds to bring authors into their schools, so Bookmarks covers the cost for them. Authors speak on a range of topics depending on the curriculum and need in the school. Bookmarks handles all logistics, and most visits include a book donation to the school as well.
- **Field Trips:** Many children in our community have never visited a bookstore. Many families in our community do not have books in their homes. Bookmarks is working to increase access to books every day and one way we do that is through providing free field trips to school groups. Classes visit Bookmarks to learn about how a book is made or hear from an author for a storytime (depending on the age level); they get to shop for books and talk to our knowledgeable staff to find the right fit, and then they get to purchase two books for free to take home and one book that will go to their school library. The school's librarian also receives a \$500 gift card to use for purchasing books for their school library. Bookmarks also covers the cost of the bus and bus driver, and either breakfast or lunch for the students.
